

The attendee who can't walk your event

Scooters and wheelchairs delivered to your host hotel or venue, set up before attendees arrive, and billed to each attendee directly -- so it never reaches your master account.

HOW IT FITS YOUR SHOW

1. **Add a line to your registration or accessibility page** -- we'll give you the wording and the link.
2. **Attendees book direct** and pay us. Nothing hits your master account.
3. **We deliver to the host hotel** and to overflow properties, at no extra charge per hotel.
4. **Day-of requests still work.** A good share of these are decided on arrival, not in advance.

WHY IT STAYS OFF YOUR RUN-OF-SHOW

Attendee-billed. No master account, no reconciliation, no per-head estimate to commit to.

No paperwork chain. Hospitality rental, not medical equipment -- no prescription, no documentation of need.

Overflow hotels covered. We deliver to each property individually, not just the headquarters hotel.

We handle the guest. Questions, swaps and problems come to us, not your show office.

WHAT IT COSTS YOUR ORGANIZATION

Nothing -- and there's no commission either. We don't pay referral fees to anyone, in any program, so there's no contract, no code to track and nothing to reconcile. That also means nothing for compliance to review and nothing to disclose. We bill the customer directly.
