KC Mobility Scooter Rentals · Veteran-owned · Kansas City since 2023

Three things we do for community and senior centers

Group rentals for an outing, battery replacement for residents' own equipment, and cards and flyers for your front desk. We bill families directly, so none of it becomes your billing problem.

WHAT WE DO

Group rentals. For an outing or an event, we deliver scooters and wheelchairs to you or straight to the venue, set up and charged, and collect afterwards.

Battery replacement. Residents' own scooters and chairs stop holding a charge. We test on site, replace what needs it at a fair price, and say so when a battery is still fine.

Cards and flyers. For the front desk or a resource table, so staff have something to hand over when someone asks. Tell us how many and we drop them off.

Equipment a family no longer needs. When a resident moves or passes, we buy certain Pride scooter models and provide free haul-away for much of the rest.

HOW AN OUTING WORKS

1. **Tell us the date and roughly how many** would do better on wheels.
2. **We deliver that morning** to you or to the venue, and collect afterwards.
3. **We bill each family directly** -- it never becomes your billing problem.

WHAT IT COSTS YOUR CENTER

Nothing, and there's no commission either. This is a resource arrangement: no referral fee for these referrals, no contract, nothing to reconcile and nothing for compliance to review or disclose. The person you point to us books and pays us directly, and we handle the rental, the delivery and the pickup.

NO SALES PITCH ATTACHED

We don't sell new scooters to your residents and we don't collect their details. If someone's equipment is fine, we say so. I'm Jeff Guzman, owner of KC Mobility Scooter Rentals. We're local and veteran-owned, and I'm personally involved in every rental and pickup.

LIST US AS A MOBILITY RESOURCE

Add KC Mobility as a mobility or accessibility resource on your website (a guest-services, visitor, resident or employee resources page, wherever it fits), and we'll provide the wording and a direct link, plus printed cards where they help. When someone you serve needs mobility help, you have a reliable local number to give them.

One call and it leaves your desk

Phone (913) 775-1098, and a person answers
