The guest who sits out the reception

Scooters, wheelchairs and rollators delivered to the guest's hotel or, when appropriate, the venue, cleaned and charged. The guest pays us directly, so it never reaches your invoice.

WHERE IT ACTUALLY SHOWS UP

The long walk in. Parking to the ceremony site, then the ceremony to the reception. Usually further than anyone counted on, often on grass or gravel.

Photographs. An hour of standing around after the ceremony, which is what ends the day early for a lot of older guests.

The guest who will not say. People do not want to be the reason anyone fusses at a wedding. They just quietly stop taking part.

Decided late. Often it only becomes clear at the rehearsal. Same-day delivery when available.

HOW IT WORKS FOR YOU

1. **Pass on our number** or your referral link. That is the whole of your involvement.
2. **The guest books direct** and we talk them through what suits the venue and the surface.
3. **We deliver the day before** to their hotel or the venue, cleaned and charged.
4. **The guest pays us.** It never goes on your invoice or your vendor paperwork.
5. **We collect afterwards** at a time they give us. Nothing for your team on teardown.

WHAT IT COSTS YOU OR THE COUPLE

Nothing. The customer books and pays us directly at our normal price. For qualifying completed rentals booked through your referral code, we pay you a 15% referral commission after the rental ends. Get a code: kcmobilityrentals.com/partners/become-a-referral-partner

TWO THINGS WORTH KNOWING BEFORE YOU PASS OUR NAME ON

We are a hospitality rental company, booked like a hotel or rental car, which keeps this simple for you to recommend. And we do not rent electric or power wheelchairs. We would rather you knew that now than have a client call and be disappointed.

WHAT WE BRING

- Mobility scooters: 3- and 4-wheel, travel and full size
- Manual wheelchairs and lightweight transport chairs
- Rollators with a seat, for guests who mainly need somewhere to sit
- Larger-wheeled scooters when the ceremony is on grass (tell us the surface)
