

The guest who sits out the reception

Scooters, wheelchairs and rollators delivered to the venue or the family's hotel, cleaned and charged. Billed to the family directly, so it never reaches your invoice.

WHERE IT ACTUALLY SHOWS UP

The long walk in. Parking to the ceremony site, then the ceremony to the reception. Usually further than anyone counted on, often on grass or gravel.

Photographs. An hour of standing around after the ceremony, which is what ends the day early for a lot of older guests.

The guest who will not say. People do not want to be the reason anyone fusses at a wedding. They just quietly stop taking part.

Decided late. Often the family only realises at the rehearsal. Same-day across the metro when we are called by early afternoon.

HOW IT WORKS FOR YOU

1. **Pass on our number** or the link. That is the whole of your involvement.
2. **The family books direct** and we talk them through what suits the venue and the surface.
3. **We deliver the day before** to the venue or their hotel, cleaned and charged.
4. **We bill the family** -- never your invoice, never your vendor paperwork.
5. **We collect afterwards** at a time they give us. Nothing for your team on teardown.

WHAT IT COSTS YOU OR THE COUPLE

Nothing -- and there's no commission either. We don't pay referral fees to anyone, in any program, so there's no contract and nothing to reconcile, nothing for compliance to review and nothing to disclose. We bill the customer directly. If you'd like to link us from your website we'll set up a discount code for your people -- we create it and we manage it, so it still costs you nothing and there is still nothing for you to track.

TWO THINGS WORTH KNOWING BEFORE YOU PASS OUR NAME ON

We are a hospitality rental company, not a medical provider -- no prescriptions, no insurance, no medical advice -- which keeps this simple for you to recommend. And we do not rent electric or power wheelchairs. We would rather you knew that now than have a client call and be disappointed.

WHAT WE BRING

- Mobility scooters -- 3- and 4-wheel, travel and full size
- Manual wheelchairs and lightweight transport chairs
- Rollators and walkers with a seat, for guests who mainly need somewhere to sit
- Larger-wheeled scooters when the ceremony is on grass -- tell us the surface

LINK US, AND WE'LL TAKE CARE OF YOUR PEOPLE

If your organization adds kcmobilityrentals.com to your website -- a resources page, an accessibility page, a member or vendor directory, wherever it fits -- we'll set up a discount code for your people to use. We create the code and we manage it, so there is still nothing for you to track and still nothing that costs you anything. It applies to any organization that links us; there is no contract and no minimum.

One call and it leaves your desk
